MEDICAID

Third Party Liability: Individuals who receive Medical Assistance (Medicaid) assign to the Department of Health and Human Services (DHHS) their right to any medical support or other payment for medical care, agree to cooperate with DHHS in establishing paternity, and cooperate with DHHS in obtaining any available third party such as an insurance payment or court settlement. Medicare benefits are not assigned. Individuals must cooperate with DHHS in obtaining reimbursement for the cost of medical care and services for any members of the assistance unit. Refusal to cooperate will result in the termination of medical assistance eligibility for that individual. DHHS will waive the requirement to cooperate if it determines that the individual has good cause for refusing to cooperate. If at any time you want to claim good cause, you must tell your worker that you think you have good cause. Good cause is a finding by the DHHS that cooperation is against the best interests of the child or against the best interests of the individual because it is anticipated that cooperation will result in reprisal against, and cause physical or emotional harm, to the individual or other person. NEBRASKA REVISED STATUTES §§ 68-716, 68-916, and 68-917.

Medical Records Release: Upon request, any person who has medical records and information or the custody of such records regarding Medicaid recipients must release them to the DHHS. This information will be used as provided in the Notice of Information Privacy Practices.

Medical Reimbursement Agreement: When DHHS pays for services for a Medicaid recipient, the amount DHHS has paid to treat the injury or illness must be included in any legal claim made against a third party. If the Medicaid recipient later receives an insurance or court settlement, DHHS must be notified of the settlement and repaid from the settlement for the medical assistance DHHS has previously paid.

Medicaid:

- Present proof of your current Medicaid eligibility to medical providers before obtaining services.
- Ask your medical provider or worker about which services are covered.
- Inform your worker and your medical providers of any health insurance coverage you have (including dental coverage).
- Agree to enroll in employer-based group health insurance if DHHS determines it is cost effective.
- Agree to comply with managed care requirements.
- Pay the cost of all non-covered medical expenses.
- If you get any bills or statements from providers or collection agencies, you are responsible to tell them right away your coverage is Nebraska Medicaid.

Failure to follow certain conditions may result in your being responsible to pay the bills.

Annuity Requirement As a condition of receiving medical assistance coverage for long-term care services for you or your spouse, DHHS must become the remainder beneficiary of any annuity under standards prescribed by the U.S. Secretary of Health and Human Services.

Medicaid Estate Recovery Program: Under Federal law (Social Security Act, Title 19, Sec. 1917 [42 U.S.C. 1396P]) and State law (Nebraska Rev.Stat. 68-919), the Medicaid Estate Recovery Program authorizes DHHS to make recovery from the estates of deceased Medicaid clients who were permanently institutionalized or were over the age of 55 when benefits were provided. The Federal and State laws provide for certain exemptions to the Medical Assistance Estate Recovery Program (471 NAC 38-000). For further information or questions about the Medicaid Estate Recovery Programs, you should contact DHHS and request the "Medicaid Estate Recovery" program brochure.
